

Disabled patients invited to Disability Listening Event

Disabled patients, their carers and family members are being asked by Lincolnshire East CCG to attend a Disability Listening Event, which will be held on 8 December at the Dower House Hotel, Woodhall Spa.

The aim of the Disability Listening Event is to talk about access to NHS services for disabled people and the event will provide the opportunity for disabled patients, as well as their carers and families, to discuss the issues and challenges they face. The event will also be used to launch the Accessible Information Standard.

“We would like as many disabled patients, along with their carers and family members, to attend as possible,” explains Claire Hornsby, Engagement Manager, Lincolnshire East CCG. “We are really keen to hear about peoples experiences of healthcare, good, bad or indifferent.”

The event will start at 1pm on Thursday 8 December and will finish at around 3pm. If you would like to attend please telephone 01522 515308 or email public.engagement@lincolnshireeastccg.nhs.uk

“We hope that local disabled patients will take advantage of the Disability Listening Event and share with us their personal experiences of healthcare, and we look forward to meeting patients, their carers and families on 8 December,” adds Claire.
